

# Coffee Filter Tie Dye

---

## *Materials:*

Coffee filters  
washable markers  
Cup of water  
Paper Towels  
Tape

## *Instructions:*

Take your coffee filter and fold it in half.  
Fold it in half one more time to make a triangle.  
Color your coffee filter!  
(Think about how colors mix together to create new and colors.)  
Place some warm water into the bottom of a cup.  
Set the tip of your coffee filter into the cup.  
Watch the water absorb into the colors to tie dye your coffee filter!

Once the whole filter is wet/ this make take a min for the water to seep all the way up the filter  
carefully unfold the filter- Look at awesome tie dye and  
Lay down some paper or a paper towel for a place to dry your tie dye.  
Once dry hang where ever you'd like! Looks great in windows 😊
