We’re really glad you’re here.

The Des Moines Art Center is a great place for families to grow a love of art. By following these museum manners, you’ll be sure to have an enjoyable visit and help protect the art.

Look with your eyes, not your hands.

Some art needs a little more space and may have a line drawn around it on the floor. Please stay behind the line.

Leave food and drink outside.

Want to take a photo? Pictures are encouraged for the majority of artworks. If you are unsure, ask a security officer. Share your experience with us by using #EntirelyKids.

Please walk.
Look in the galleries to find a unique work of art for each square.

To win BINGO you must find five horizontal, vertical, or diagonal squares in a row.

Cross the squares off as you find them.

As an extra challenge, try “blackout bingo” and find art for all of the squares.
